

ZEPHYR EXTENDED HANDWHEEL HOISTS

CAPACITIES 1/2 to 6 ton	EXTENDED HANDWHEEL 3 feet standard	LIFT 8 feet standard	OPTIONS Spark & Corrosion Resistance
-----------------------------------	--	--------------------------------	--

The Extended Handwheel version of the Chester Zephyr hoist allows the operator to stand at a distance from the load. Handling materials from a distance, or work whose surface must be protected from scratching by the hand chain, or large flat or bulky loads, are some of the practical applications. Suspension may be from fixed supports or on trolleys.

KEY FEATURES

CHESTER ZEPHYR HOISTS WITH EXTENDED HANDWHEELS CONTAIN ALL OF THE SAME KEY FEATURES AS THE HOOK SUSPENDED MODELS.
