

ROCK SPLITTER PASTE

HEAVY-DUTY GREASE PASTE

Rock Splitter Paste is a heavy-duty grease paste formulated for extreme applications where high levels of lubricating solids are required to lubricate sliding surfaces under enormous pressures. Reduces friction for improved splitting force and prevents damage extending the life of the tool and wearable components. Recommended for superior performance in pneumatic or hydraulic plug & feather rock splitters from Elco Darda, Yamamoto, and others. Supplied in drums, pails, 14oz cartridges, or 10oz caulk tubes for ease of application.
